INSIDE THIS PROSPECTUS

CONTENTS.

Seven pages, three partnership lanes, one day. Jump straight to the lane you are interested in, or read it end to end.

01 **THE EVENT** 03
What the day is, who turns up, and what sponsoring it gets you.

02 **THREE LANES** 04
Cash Sponsors, Food & Snacks, Credits & Goodies — the same three levels in every lane.

03 **LANE 01 · CASH SPONSORS** 05
Stage time, booth space, prize categories and talent access.

04 **LANE 02 · FOOD & SNACKS** 06
Lunch, the 5 PM snack window, and the counter between them.

05 **LANE 03 · CREDITS & GOODIES** 07
Cloud credits, prize pools, swag and vouchers for every builder.

06 **THE EXPERIENCE** 08
Challenge tracks and the hour-by-hour schedule.

07 **PAST SPONSORS & CONTACT** 09
Who backed the last one, and how to reach us this time.

CREDITS & GOODIES
Page 07

New to hack days? Start at page 03 for the audience and the return on a sponsorship, then jump to the lane that matches what you sell. Every lane carries the same three levels — **₹25,000**, **₹10,000** and **₹5,000** — so the only question is what you bring: money, food, or credits and swag. Page 09 has the sponsor wall and both contact numbers.

THE VISION

EMPOWERING THE OPEN SOURCE ECOSYSTEM.

Hacktoberfest Hack Day Bengaluru 2026 is an immersive, in-person hack day run by the AWS Student Builder Group at Atria Institute of Technology. It unites passionate student builders, developers, and creators to contribute to open-source software, build innovative technical solutions, and foster a collaborative developer community.

DEVELOPER RELATIONS

Get your APIs, cloud platforms, and developer tools directly into the hands of 100 eager builders — students and budding technologists actively seeking robust tech stacks.

DIRECT RECRUITMENT

Identify top-tier problem solvers, collaborative team players, and passionate open-source contributors for your hiring and internship funnels.

BRAND AMPLIFICATION

Gain prominent logo placement across digital channels, physical venue banners, and our official MLH event page.

COMMUNITY IMPACT

Directly support the regional tech ecosystem and invest in the educational and professional growth of Bengaluru's next engineering generation.

HOW TO PARTNER

THREE LANES, ONE EVENT.

Cash, food, or credits — every lane carries the same three levels and the same recognition. Take the one that fits what you do best, or combine lanes to cover the full day.

CASH SPONSORS

Put money behind the day and take the brand across every surface we control — digital, physical and on stage.

₹25,000 LEAD

Co-branded event billing, a branded challenge, prime booth space and full attendee resume access.

₹10,000 PARTNER

Dedicated booth, a 30-minute workshop slot, and a prize category you define.

₹5,000 BACKER

Logo on the site and venue banners, ceremony acknowledgement, social recognition.

→ DETAILS ON PAGE 05

FOOD & SNACKS

Nobody ships on an empty stomach. Feed 100 builders across a full hacking day with your product in front of them.

₹25,000 TITLE FOOD

Covers the full day — both meal windows, branded throughout, named first in every thank-you.

₹10,000 MEAL

Own one service window — lunch or the 5 PM snack break — with signage and a stage mention.

₹5,000 BREAK

Stock the drinks and snack counter for a stretch of the day, branded on the table.

→ DETAILS ON PAGE 06

CREDITS & GOODIES

Put your product in the builder's hands before, during and long after the event.

₹25,000 CREDITS & SWAG

A credits pool worth the contribution, a named swag item in the Attendee Kit, and the prize pool.

₹10,000 CREDITS

Fund the builder credit pool and attach an API or tool prize to the judging sheet.

₹5,000 GOODIES

One branded item in the Attendee Kit plus logo placement on site and on the goodie board.

→ DETAILS ON PAGE 07

SAME LEVELS, EVERY LANE Levels are priced identically across all three lanes — a ₹25,000 commitment buys the same weight of visibility whether it arrives as cash, as catering, or as credits and swag. In-kind contributions can be valued against these levels with us in advance, and every level can be combined across lanes.

LANE 01

CASH SPONSORS.

Cash is the most flexible way in: it converts directly into stage time, floor space and prize money, which is exactly what a hack day runs on. Three levels, one per slot at the top.

LEAD

₹25,000

One sponsor

- **Co-branded billing.** Event billed as "Presented by [Your Company]" across the prospectus, site and closing credits.
- **Dedicated challenge.** A branded challenge track with your choice of technical focus and judging criteria.
- **Prime real estate.** Premium central booth space in the primary hacking arena, plus a dedicated prize category you set.
- **Badge integration.** Logo on the physical attendee credentials and the official Hacktoberfest ticket badge.
- **Talent access.** Pre-event and post-event access to the complete opt-in attendee resume database.

PARTNER

₹10,000

Up to three sponsors

- **Dedicated booth.** Physical booth space for product demos, dev-rel and direct recruitment conversations.
- **Technical workshop.** A 30-minute technical workshop or specialised mentorship slot during the build phase.
- **Brand placement.** Prominent logo on the event website partner wall, stage banners and official t-shirts.
- **Prize category.** A dedicated API or tool prize category during final judging — you define the prize and the criteria.
- **Talent access.** Post-event access to the opt-in attendee resume database.

BACKER

₹5,000

Open to all

- **Logo placement.** Your mark on the event website and on secondary venue banners.
- **Attendee Kit.** Branded swag distributed in the Attendee Kit handed out at check-in.
- **Ceremony acknowledgement.** A named thank-you during the awards and closing ceremony.
- **Social recognition.** A post-event post on the event's official channels.

INCLUDED AT EVERY CASH LEVEL

- ✓ Name on the sponsor wall
- ✓ Logo on the official MLH event page
- ✓ Thank-you in the closing ceremony
- ✓ Certificate of partnership
- ✓ Placement in this prospectus
- ✓ Post-event reach on social channels

LANE 02

FOOD & SNACKS.

Sponsor lunch, dinner, or midnight snacks with dedicated signage and verbal announcements. The day has two formal service windows plus the continuous counter — take one, take both, or keep the counter running all day.

12:45 – 01:30 PM

LUNCH SERVICE

The build window's only hard stop. Every builder leaves their laptop for this, which is exactly why the room is the most talkative it will be all day.

Covered for **100 attendees** plus mentors and the organizing team.

05:00 – 05:30 PM

SNACKS & REFRESHMENTS

Drinks and snacks — plus open networking with mentors, peers, and organizers before judging. The last chance to put your product in front of the room while people are still relaxed.

Covered for **100 attendees** plus mentors and the organizing team.

10:00 – 05:00

ALL-DAY COUNTER

Drinks and water through the whole build phase. The longest window on the page and the one your branding sits behind for seven hours straight.

Restock on your schedule, or hand the counter over and let us run it.

DEDICATED SIGNAGE

A branded board at your service point, visible from the hacking floor.

VERBAL ANNOUNCEMENT

Named aloud on the mic at the start of your service window and again at the close.

TABLE TENTS & KIT

Counter branding, plus your product sampled or handed out with the meal.

PHOTO MOMENT

Your branding on the shared photo wall, in every photo the room takes.

PRODUCT SAMPLING

Hand out samples, coupons or vouchers to every builder who eats.

THANKS FROM THE TEAM

Named in the closing ceremony alongside every other food partner.

LANE 03

CREDITS & GOODIES.

The most direct route into a builder's actual workflow. Fund the credits they run on, ship the swag they carry home, and the product does its own marketing for the rest of the quarter.

CREDITS & SWAG

₹25,000

One sponsor

- **Credits pool.** Cloud, API or tooling credits worth the contribution, distributed to every attendee at check-in.
- **Named swag item.** Your product in the Attendee Kit — the item builders carry out of the room.
- **Prize pool.** Your credits and gear fund the top contributor bounties handed out at the awards.
- **Mentor presence.** Engineers from your team on the floor for the build window, if you want to send them.

CREDITS

₹10,000

Up to three sponsors

- **Builder credit pool.** Your credits added to the shared pool every attendee can draw from on the day.
- **Tool prize category.** A dedicated prize awarded at judging for the best use of your API or platform.
- **Named handover.** Redemption codes and setup instructions handed out with a short walkthrough from your team.

GOODIES

₹5,000

Open to all

- **Attendee Kit.** One branded item of your choosing, dropped into the kit every builder takes home.
- **Goodie board.** Your logo on the goodies wall beside the Attendee Kit station.
- **Vouchers & offers.** Discount codes, free-tier extensions or trial credits included in the kit.

WHAT EVERY BUILDER WALKS AWAY WITH

- ✓ Swag in the Attendee Kit
- ✓ AWS Cloud Club merchandise
- ✓ Cloud credits & vouchers
- ✓ MLH × Hacktoberfest sticker pack
- ✓ A tree planted in their honour
- ✓ Certificate of participation

THE EXPERIENCE

CHALLENGE TRACKS & A DAY OF INTENSE CREATION.

We provide the environment, the mentorship, and the sustenance; the builders provide the ingenuity. Every project can qualify for the core Hacktoberfest challenge, and any project that also uses Gemma 4 or AWS can qualify for those too — culminating in judging and track recognition announced on stage.

CORE HACKTOBERFEST CHALLENGE

BEST OPEN-SOURCE AI PROJECT

Build an original project where open-source or open-weight AI does real work — an agent skill, an open-weight model, or a model harness — shipped to a public GitHub repo under an open-source license.

GOOGLE PARTNER CHALLENGE

BEST USE OF GEMMA 4

Build with Gemma 4, Google's open-weight multimodal model, through the Gemini API. Understand text and images together, or move quickly from an idea to a working prototype.

AWS SBG SPECIAL

BEST USE OF AWS

Use the AWS ecosystem to turn an idea into something real and scalable. Any AWS service counts — pick whichever fits your project, and combining several is encouraged. The strongest AWS-powered entry takes the track, on top of any Hacktoberfest challenge it also qualifies for.

THE SCHEDULE

FRIDAY, OCTOBER 23, 2026 · IST

08:30 – 09:30	Check-in & Registration
09:30 – 10:00	Opening Ceremony & Briefing
10:00 – 05:00	Hacking & Building
11:30 – 11:45	Trivia 1
12:45 – 01:30	Lunch Break
03:00 – 03:15	Trivia 2
05:00 – 05:30	Snacks, Refreshments & Networking
05:30 – 06:30	Judging & Project Evaluation
06:30 – 07:00	Awards & Closing Ceremony

READY TO BUILD?

SECURE YOUR PARTNERSHIP.

Sponsorship slots are limited to ensure maximum visibility and meaningful engagement for our partners. Custom packages can be tailored to meet your specific community outreach and hiring goals.
